Description

Looking for a peaceful retreat just minutes from town? This charming cabin property is nestled on 1.36 wooded acres and features a beautiful creek running through the land, creating a serene and private setting. This cabin comes fully furnished including everything needed in the kitchen cabinets. It has some rental history as a vrbo. The spacious primary bedroom offers exceptional comfort and includes a large walk-in closet. A convenient mudroom/laundry area provides additional storage and easy access to the kitchen, which boasts ample workspace and storage for the home chef. The open dining and living area is warm and inviting, highlighted by a cozy gas fireplace that makes it the perfect gathering space during the colder months. Just outside the dining area, you'll find an expansive deck designed for entertaining, relaxing, and enjoying the surrounding natural beauty. A picturesque pathway crosses a charming bridge and leads to separate guest cottage, providing a private retreat for visiting family and friends. Nearby, a detached full bathroom serves the guest area and is currently best suited for three-season use, though it could easily be adapted for year-round functionality with minor plumbing improvements. Additional improvements include a storage building, an open-faced shed, and a detached two-car garage, offering plenty of room for vehicles, equipment, and recreational gear. This unique property combines rustic charm, privacy, and convenience, making it an ideal full-time residence, vacation getaway, or investment opportunity.
