Description

New Construction in Diamond Ridge! Welcome to the Sheridan, a thoughtfully designed new construction home currently being built in Rapid City’s new Diamond Ridge Development. This home combines a functional floor plan, modern finishes, and comfortable living spaces in one of Rapid City’s newest neighborhoods. The main level features an inviting open-concept design connecting the kitchen, dining, and living areas, creating a great space for both everyday living and entertaining. The main level includes two bedrooms and two bathrooms, highlighted by a private primary suite with its own bathroom and walk-in closet. A second bedroom and full bathroom provide flexibility for family, guests, or a home office. The finished lower level expands the living space with an additional bedroom, bathroom, and family room, giving you plenty of room to spread out. An attached two-car garage adds everyday convenience and additional storage. Located in the new Diamond Ridge Development, this home offers the opportunity to own new construction in a growing Rapid City neighborhood with panoramic Black Hills-area views and convenient access to shopping, dining, schools, and other Rapid City amenities. With new construction, a versatile floor plan, and a location designed to keep you close to everything while still enjoying some breathing room, the Sheridan is a home built for the way you live today. Pictures and renderings may be of a similar home or floor plan. Colors, finishes, and selections may vary from the completed home.
