Enjoy breathtaking canyon and Black Hills views by day and sparkling city lights by night from the expansive wraparound deck. Inside, generous living spaces feature hardwood flooring, vaulted ceilings, abundant natural light and oversized windows that bring the scenery indoors. The spacious kitchen offers extensive cabinetry and counter space and flows easily into the adjoining dining and living areas. The primary suite is generously sized with a private bath and jetted tub, while the home's five bedrooms provide excellent flexibility for family, guests or home office space. The walk-out lower level is made for entertaining, featuring an enormous recreation room with a pool table, multiple seating and game areas, a fireplace and direct outdoor access. Radiant in-floor heat throughout the walk-out level and 3-car garage adds year-round comfort. Outside, the massive wraparound deck offers multiple gathering spaces, including a covered rustic entertaining area, while a natural gas fire pit and basketball court add even more ways to enjoy the .86-acre property. A natural gas Generac generator, heated driveway and heated garage make this home especially well equipped for Black Hills living. Additional features include new siding, sprinkler system, central vacuum, smart thermostats, select smart

lighting, outdoor security cameras with DVR and conduit for future outdoor needs.
