Description

For more information, please contact listing agent Michael Warwick 605-641-2569 with Great Peaks Realty. Why wait for new construction when you can move right in? This 2023 offers 3 bedrooms, 2 full bathrooms, and a modern open floor plan. The living room, kitchen, and dining area flow together into one bright, connected space that’s great for everyday living and for having friends and family over. The kitchen keeps you part of the conversation while you cook, and the layout makes the home feel bigger than you’d expect. The primary bedroom is set apart from the other two bedrooms and includes its own private bathroom, so you get a quiet retreat at the end of the day. The two additional bedrooms work well as bedrooms, a home office, a hobby room, or guest space, and they share the second full bath. Because it was built in 2023, this home offers modern construction, updated finishes, and the peace of mind that comes with a newer home, without the wait or hassle of building. Whether you’re a first-time buyer, downsizing, or looking for an affordable investment, this home is ready for its next owner. Schedule your showing today! Home Must be moved off property.
