Description

Single level living in southeast Rapid City. This 1,250 square foot home has a really cool 15x14 extra room with closet and backyard access on the south side of the house. Listed here as the 4th bedroom, but could be a family room, office, or anything you want. Plus 3 bedrooms on the main part of the house. The home has a new roof and gutters, new storm windows throughout, updated kitchen cabinets, refreshed bathroom, new water heater (all in 2022), new LP® Engineered Wood Lap Siding in 2025, and beautiful hardwood floors. Fresh paint on the interior walls and trim this September. The backyard is semi-private and home to squirrels, birds, and even a few deer. 1 car garage is nothing to write home about, but can get a car out of the weather or just extra storage. Walking distance to elementary and middle schools. You’re gonna love it here! Listed by Tristan Emond, Mindful Living Realty, 605-391-7086.
