Description

Some of the best views in Rapid City with easy access to shopping and medical facilities. The 10' ceiling in the living room gives you huge views of city lights and prairie views through the huge Anderson windows. The living room and formal dining room take in views of Rapid City. The large kitchen has walls of storage and a sit-up counter for those eating or watching. The breakfast nook works like a second dining room with access out to the huge deck. The master bedroom has a large walk-in closet; the master bath has a jetted tub and also a stand-alone shower. Another full bath and a half bath are also on the main floor along with the laundry room. The lower walkout level has a gigantic family room with large Anderson windows in addition to the two bedrooms. One with another walk-in closet and the other with room for a desk. Another full bathroom is on the lower level also. There is a storage room with about 250 square feet for your treasures. A second lot next to the main property is also available if you really want to stretch out. This home is broker owned by Kevin Kuehn, South Dakota Real Estate Company (605) 391-7734
