## Description

Listed by Lonnie Doney, KWBH, 605-407-1048. Affordable AND adorable? Yes, please! Boasting significant upgrades in the last four years, this Pinterest-perfect ranch-style home in southeast Rapid City is ready for new owners! Cross the newer wood front deck and into the main living area with wood floors and great natural light from the large picture window that overlooks the neighborhood. The remodeled kitchen has a wall of shaker cabinetry, some stainless steel appliances, and an eat-in dining area, so there’s room for morning coffee and weeknight dinners. Offering a desirable layout, the home has three bedrooms and one bathroom with walk in shower on the main level. Head downstairs to a family room with built-in storage, a laundry area, a sizable storage and mechanical room, the home’s fourth bedroom (ntc for window), and a remodeled bathroom with a soaker tub and tile surround. Out back, the fully fenced yard has a covered concrete patio, mature trees, well-maintained landscaping, and a small garden area. The attached one-car garage provides secure off-street parking and has a workspace and rafter storage. Since purchasing the home four years ago, the sellers have reconfigured the main living area and updated the flooring, paint, interior doors and trim, main-level windows, front deck, and painted the exterior. The water heater, HVAC, water softener, and radon system have been upgraded as well. All this and more, at an affordable price? Come take a look and make this your next HOME.
