Description

Custom Black Hills Home with Breathtaking Mountain Views, Exceptional Space & Privacy. A beautifully maintained custom home where the views are extraordinary, the spaces are thoughtfully designed, and the lifestyle is even better. Experience the beauty of the Black Hills from this impeccably maintained, custom-designed home, perfectly situated on one acre at the end of a quiet cul-de-sac. Thoughtfully designed to maximize livability, natural light, and breathtaking views of Spearfish Mountain and the surrounding Black Hills, this one-owner home offers 3,829 square feet of living space, including 3,758 finished square feet, with room for everyone to relax, work, entertain, and enjoy the captivating views as far as the eye can see. The inviting main level features an open-concept floor plan with beautiful hardwood flooring, oversized windows, and abundant natural light. The custom kitchen is both elegant and functional, featuring dark shaker cabinetry with soft-close doors and drawers, convenient pull-out storage, quartz perimeter countertops, and an impressive granite island with seating for five. Stainless steel appliances, a gas cooktop with a glass and stainless chimney hood, wall oven, wall microwave, and a spacious walk-in pantry with wraparound shelving and electrical outlet make this kitchen a true centerpiece of the home. A beautifully custom-designed coffee and wine bar with granite countertop, illuminated glass-front cabinetry, under-cabinet lighting, and dedicated wine storage adds an extra touch of entertaining sophistication.
